

**AURO**<sup>TM</sup>

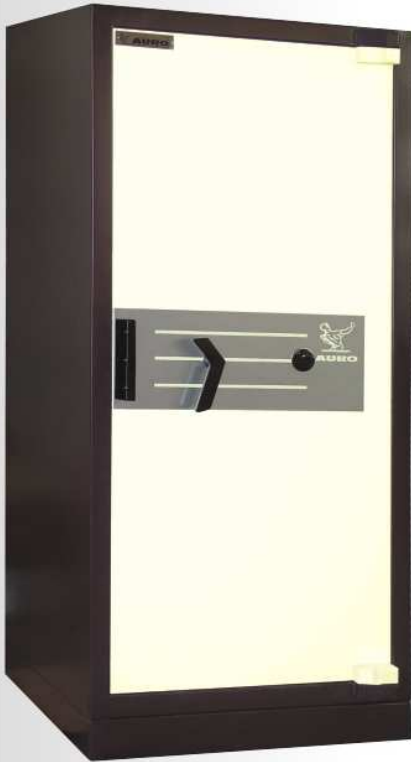

SINCE 1948

AN ISO 9001: 2000 COMPANY

THE NAME - CONFIDENCE IN SECURITY

## > FIRE RESISTING RECORD CABINET

**AURO** assures maximum protection from fire. Fire do not give any advance warning and can occur at any time any places. An organization doesn't want to wait for a disaster to realize the importance of their valuable documents. **AURO** has developed Fire Protection Cabinet with new technology to save the important records, samples of Chemicals, Solvents and inflammable materials. **AURO's** Fire Resisting Cabinet can be widely used in Offices, Chemical Factories and Pharmaceutical Companies.

**CONSTRUCTION :** **AURO FRRC** has a sturdy double walled construction fabricated from prime quality steel. Again this body is reinforced at vital parts to enable to withstand the cabinet with severe fall or impact. The Cabinet has a highly efficient and solid insulation materials which will not deteriorate with age.

**DOOR :** The door has specially designed tongue and groove construction which prevents the flames and hot gases. The Door of **FRRC** is having a strong bolt work mechanism with 8 bolts in all four directions. Provided 8 lever dual control lock with Stainless Keys in duplicate. For additional safety **AURO** 3 wheel combination lock or Electronic Lock can be provided at extra cost.

| DIMENSIONS :   | FRRC - 60        |        | FRRC - 74        |        |
|--|------------------|--------|------------------|--------|
|  | Outside          | Inside | Outside          | Inside |
| Height   | 1525             | 1270   | 1875             | 1620   |
| Width  | 700              | 520    | 850              | 670    |
| Depth  | 660              | 490    | 760              | 590    |
| Weight :   | 450 kgs. Approx. |        | 750 kgs. Approx. |        |
| Tolerance : Dimension : $\pm 1\%$ Weight : $\pm 3\%$ |                  |        |                  |        |
