AURO borne out in the year 1948 and after a long journey in the security equipments manufacturing, it has made **AURO** synonymous with quality and trust. It offers a wide range of Security equipments. Now **AURO** has brought out **ELENTRO** series of Fire Proof Safes which gives you absolute security and value for your money. **ELENTRO** Safe can be widely used in various business houses and private Homes. **ELENTRO** SAFE is a High Quality Fire Proof Safe that cater to the requirement of all class of business people.

Body : The Body is manufactured with prime quality Steel after giving the necessary chemical treatment to prevent the rust formation. **ELENTRO** Safe is made of multiple bend square corner with fully welded double - walled strong construction. The Double Duty Barrier materials provides fire as well as burglary resistance.

Locking System : **AURO** **ELENTRO** series Safe are fitted with **AURO**'s superior quality, dual control, high precision 8 lever locks. These locks are unpickable and only with the original keys will open them. Stainless keys are supplied in duplicate. Also **AURO** provide the choice of Keyless numerical 3-wheel combination lock and Electronic Digital Lock at extra cost.

Finish : All Steel parts are given a thorough anti rust chemical treatment followed by coats of anti rust primer and two coats of Epoxy paint for the smooth, scratch-free, long lasting finish and elegant look.
